ABOUT ME:

Dynamic and versatile Digital Marketing Specialist with a strong interest in software development. With over three years of experience in digital marketing across both non-profit and profit sectors, I excel in creating impactful marketing campaigns and engaging content that appeals to a broad audience. I have a proven track record of utilizing various digital platforms to boost brand visibility, drive engagement, and achieve marketing goals. My experience with analytics tools helps me assess campaign performance and refine strategies for maximum impact. As an aspiring software developer, I aim to blend technology and digital marketing to drive innovation and support organizational objectives. I'm bilingual in English and Arabic, adding value in diverse linguistic contexts.

SKILLS:

- Expertise in PPC/SEM and digital marketing across various platforms
- Proficient in Google Analytics (GA4), web analytics, and data interpretation
- Strong strategic planning and execution of digital marketing campaigns
- Excellent verbal and written communication skills
- High proficiency in project management and client engagement
- Creative problem-solving and detail-oriented approach to marketing analytics
- Experience in a high-volume, fast-paced industry
- Python, AI programming, and Front-End development

EXPERIENCE:

GlobalDWS | DIGITAL MARKETING SPECIALIST

North York, Ontario | June 2023 – July 2024

- Managed a team of 3 graphic designers, social media specialists, and web developers to create and manage a holistic marketing strategy.
- Managed the creation of a new website for the company end-to-end management. From concept to implementation.
- Managing and assisting in creating digital assets including graphic design, one pager, newsletter, catalogues, and banners
- Developing case studies and use cases.
- In person event coordination and communication as well as managing virtual events
- Finding and securing 2 partnerships for wider reach in the digital transformation landscape
- Led an increase in social media followers and engagement rate by 50% and website traffic by 100%

Faster Accessories | DIGITAL MARKETING SPECIALIST

Saudia Arabia | February 2022 – August 2023

- Led a digital marketing initiative at Faster Accessories, implementing a holistic SEO strategy that resulted in a 40% increase in website traffic within five months, including a 30% boost in organic traffic.
- Generated PPC campaigns with a monthly budget of \$1,000 which reduced the cost-per-click by 20%, increasing click-through rates by 25% and reached over 10,000 potential customers.
- Conducted monthly presentations to senior management, leading to insights such as reallocating 15% of the budget from lower to higher-performing channels, improving campaign ROI by 20%.
- Analyzed campaign performance with Google Analytics and SEMrush.

Ajjerni Rentals | Data analyst & market research Intern

Lebanon | September 2021 – March 2022

- Analyzed industry trends, customer preferences, and competitors utilizing competitive intelligence tools to directly influence the startup strategy, resulting in a successful launch with 100+ new users' units sold within 3 months.
- Managed large datasets from various sources using Python, removing duplicate records, filling in missing values, and correcting data inconsistencies, ensuring data quality and accuracy for downstream analysis.
- Created interactive reports and visualizations using Tableau, Power BI, and Excel to effectively communicate campaign performance and insights to senior management and other stakeholders; reports assisted in a 15% increase in marketing ROI and a 20% improvement in customer retention.
